6.2.1.1. No sign or advertising device shall be erected or placed in public view within Town limits without a permit from the Board of Selectmen, except for descriptive residential signs or signs pertaining to the use, sale or rental of a dwelling provided that:

a. The sign is placed on property by a resident owner.

b. Each such sign does not exceed two (2) square feet in area.

6.2.2. Signs Permitted by a Permit Granted by the Board of Selectmen

6.2.2.1. The only uses for which permits shall be granted by the Board are as follows:

a. Direction signs to commercial, manufacturing, agricultural, recreational, educational or religious establishments within the Town provided that such signs shall not exceed five (5) square feet in the area.

b. One (1) sign, not exceeding six (6) square feet in area, for a permitted accessory use on the same premises.

c. On other than residential premises, signs shall be limited to the name of the firm or goods or services available, saleable, or produced on the premises.

1. There shall not be more than two (2) signs or advertising per business, excepting those which are attached to and are part of the architectural design of a building or structure including a gas pump.

2. The total area of all signs and/or advertising devices shall not exceed twenty (20) square feet per business nor shall any sign or device project above the eaves or parapet wall of any building to which it is affixed.

d. Non-conforming signs for special occasions not permitted in subsections one (1) and two (2) above may be allowed upon application to the Board of Selectmen for a permit not to extend beyond a three (3) month period and upon such terms and conditions as the Board shall stipulate.

e. Any nonconforming sign in use at the time of adoption of this Bylaw may be continued and, if damaged or destroyed by fire or other unavoidable cause, may be restored to its former condition.

6.2.2.3. In no case shall permits be granted for the following:

a. Signs or other advertising devices illuminated by other than shaded or indirect white incandescent lights.

b. Signs, banners, or other advertising devices which move, flash or reflect or which are designed to attract the eye by intermittent or repeated motion or illumination.

c. Signs or lights, which because of their placement or direction and intensity of illumination, constitute a hazard to traffic.
