

Egremont Board of Health

September 22, 2016, 10:00 am

In Attendance: Nancy DuVall, Charles Ogden, Dr. William Rose

Also in Attendance: Sandra Martin, Health Agent

Recording: Juliette Haas, Director

1) The minutes from the September 15, 2016 meeting and the continuation of the tobacco hearing of September 15, 2016 were approved.

2) **New Member Search** Nancy will pursue some ideas for candidates.

3) **New Alternate for Berkshire Public Health Alliance** With Nancy stepping down from BoH Chuck has agreed to be BoH Alternate. Juliette will write to BoS to seek their official appointment.

4) **Hohman/93 Hillsdale Road** Juliette read to board her letter to Planning Board which she will ask to be read at the September 25, 2016 Special Permit hearing.

5) **Egremont Village Inn** Gigi Teeley has informed BoH of the recent purchase of a mobile food trailer which they would like to use to broaden their menu at the barn. A food permit will only be issued when their submitted menu is approved by BoH. Because of the limitations of the septic system, simple foods (salads, sandwiches, soups, etc.) can be permitted - more involved, broader menu would be considered an addition to the septic load. Title 5 issues for the waste from the food trailer were also discussed and the concept of installing a tight tank to handle its greywater. Board asked for their plan to wash dishes - will it be in the barn or in the main house. Also, how will they connect to town water for the trailer?

6) **Well Regulations** Sandra will supply board with draft well regulations for board review. Areas of concentration include requiring water test with every Title5 inspection, test water before you build for new wells, etc.

7) Adjourned 11:06 am. Next meeting October 6th.

*Approved 10/6/2016
