

## **Minutes – Egremont Water Meeting 3 February 2022**

Meeting – Zoom – Town Hall - 8:30 AM

Participating: P. Lanoue; R. Palmucci; W. Brinker

### **General:**

Minutes of the January 7, 2022 meeting were approved as distributed.

January gallons pumped 1,654,610.

Transponders are still being updated. Accurate transponders mean more accurate accounting of gallons pumped and delivered.

The security fencing has been completed.

Past due accounts have been reminded of their balances due. A few will be sent additional letters encouraging them to make their accounts current. Hopefully they will not need to be reminded of shutoff procedures.

Tighe and Bond Engineers will be at the plant today (Feb 3) and inspecting and doing an inventory of the facility and the system.

The FY 2023 budget has been submitted. There will be further meetings with the Finance Committee and Select Board in the near future.

The February billing commitment was signed in the amount of \$20,582.50.

The next meeting will be March 3 or 4.

Meeting adjourned at 8:55 AM.

Respectfully submitted,  
W. Brinker
