Guest speaker Mary McGurn told us of the new Town Web Page she has been working on along with committee members: Mary Brazie, Will Brinker and Rolfe Tessem. She has been holding training sessions with Committee Chairs teaching them how to navigate through the Town Website and is willing to answer any questions/concerns we may have in order to familiarize ourselves with the new site. [www.egremont-ma.gov](http://www.egremont-ma.gov). Mary is hoping that the various board members of the town will add information that is useful to the community. She has asked the Council on Aging members to use the "notify me" page and to create an account useful to seniors wanting access the site. It was decided that the COA Board would look at the web page together at our next meeting on Oct. 12<sup>th</sup>.
